Wedge tool preparation

- Mark the angled lines on the 12 degree wedge tool.
- An accurate wedge cut is important. To keep the wedge from slipping, place a tube of wide packaging tape onto the back of the wedge tool sticky side out.

Trace the angled line onto the 12 degree wedge tool using a removable marker.

Construction

- Sew the strip sets as shown below.
- Align the 'x' line to the A/B seam on Strip Sets 1 and 2.
- Align the 'y' line to the A/B seam on Strip Sets 3 and 4.
- Cut six wedges per set.

Assembly

- Sew the wedges together in one of the two options shown below using exact 1/4" seams.

Center

- Stabilize the center opening by ironing a scrap of freezer paper to the back side.
- Using the hexagon, create a freezer paper applique.
- Applique the hexagon over the center opening.
